Overview

IPEDS Student Financial Aid Component Overview Private Academic Reporters

Welcome to the Student Financial Aid (SFA) component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

Changes to This Year's SFA Component

- New questions on military/veteran/eligible dependent students receiving benefits have been added. Total number and amount will be asked for both undergraduate and graduate students. Please work with your institutional representatives who certify such benefits. They may not be associated with the student financial aid office.

Data Reporting Reminders

Undergraduate Student Groups

You will be asked to report information for different groups of undergraduate students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, students who were awarded any Title IV federal student aid

COA Revisions

Revisions to Cost of Attendance used to calculate the net price of attendance can be made in this component.

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

College Affordability and Transparency Center's lists

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the entered information can be understood easily by students, parents, and the general public.

Section 1: Comparison Chart**Comparison Chart**

Based on the information reported on the previous screens for Group 1 (all undergraduates) and Group 2 (full-time, first-time degree/certificate-seeking undergraduates), this comparison chart seeks to help institutions check their reported data. Assuming that the information on Groups 1 and 2 are correct, then the calculated fields for 'All Other Undergraduates' should be the balance (Group 1 minus Group 2). If the balance does not check with your institution's calculations, please correct your reported numbers for Groups 1 and 2 before moving forward with the completion of the SFA survey component.

Note: Data for the 'All Other Undergraduates' will appear in the IPEDS Data Center for data users, but not in College Navigator.

Summary**IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2015.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Student Financial Aid

Berklee College of Music (164748)

Source	Description	Severity	Resolved	Options
Screen: Part C - Enter Information about Group 2				
Screen Entry	The average loan amount should be less than \$30,000. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #7126)	Fatal	Yes	
Reason:	Overridden by administrator. Confirmed as correct due to high cost of tuition and living in the area. JI			
Screen: Part D - Enter Information about Group 3				
Screen Entry	The percent of students in Group 3 whose living arrangements are unknown (Part D, line 01d) should not account for more than 30% of the total. Please correct your data or explain. (Error #7148)	Explanation	Yes	
Reason:	Many international students and non-FAFSA filers qualify for institutional aid, resulting in a higher number of students with an unknown housing status.			
Related Screens:	Part A - Establish your groups, Part D - Enter Information about Group 3			
Screen Entry	The number entered is outside the expected range of between 24 and 42 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The predominant amount of Berklee's institutional funding is merit scholarship which in prior years was not awarded on the basis of financial need or income level. Additionally, we do not require entering students to live on campus. Therefore, calculating funding levels or student populations by income levels or by housing preference will inherently generate inconsistent results on a year to year basis.			
Screen: Part E - Enter Information about Group 4				
Screen Entry	The number entered is outside the expected range of between 47 and 85 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The predominant amount of Berklee's institutional funding is merit scholarship which is not awarded on the basis of financial need or income level. Additionally, we do not require entering students to live on campus. Therefore, calculating funding levels or student populations by income levels or by housing preference will inherently generate inconsistent results on a year to year basis			
Screen Entry	The calculated average amount of grant or scholarship aid awarded to Group 4 students from the federal government, state/local government, or the institution for this income level is smaller than expected in comparison with the other income levels. Please check the values reported for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	The predominant amount of Berklee's institutional funding was merit scholarship which in the past was not awarded on the basis of financial need or income level. For 13-14, the institution chose to look at financial need for the first time, which concentrated our institutional dollars on students with high need in lower income levels.			
Screen Entry	The number entered is outside the expected range of between 28 and 50 when compared with the prior year value. Please correct your data or explain. (Error #7169)	Explanation	Yes	
Reason:	The predominant amount of Berklee's institutional funding is merit scholarship which is not awarded on the basis of financial need or income level. Additionally, we do not require entering students to live on campus. (Error #7317)	Explanation	Yes	
Reason:	The predominant amount of Berklee's institutional funding is merit scholarship which is not awarded on the basis of financial need or income levels. Therefore breaking our funding down by income levels will generate figures which are not consistent on a year to year basis.
